

Confidential Data Use Principles Agreement

4-County CWMA Confidential Data users, either Mapping and Data Committee members and/or 4-County CWMA MOU signers, can view confidential data for the entire 4-County CWMA network, as defined as all jurisdictions (Clackamas County, OR; Clark County, WA; Multnomah County, OR; and Washington County, OR) in which data have been entered in the application. It is the Confidential Data user's responsibility to understand and adhere to the following 4-County CWMA confidential data use principles:

The confidential dataset is for your exclusive use. The dataset may not be shared with other parties, or copied, distributed, or made accessible in digital or any form to parties outside of the organization(s) the requestor represents. This includes but is not limited to: exports, downloads, shapefiles, reports, screen shots, email communications, and verbal conversations which include information on locations of Confidential Species and/or confidential records within 4-County CWMA. The data shared with the 4-County CWMA will not be used to take management actions against private landowners who have A-listed weeds on their property. The data set is not intended to be used for regulatory or permitting purposes, nor for commercial purposes.

By signing below, you acknowledge the above guidelines. Failure to adhere to the above Confidential Data Use Principles will result in loss of access to 4-County CWMA confidential data.
